

# BAS-X

HCS

Bas-X HCS is a foldable, foundation style base. It features head articulation and a zero clearance design compatible with most platform and slat beds, and is parcel carrier-friendly for convenient shipping. The Bas-X HCS supports a large lifting capacity – up to 850 lbs.

- Head articulation
- Folding, zero clearance foundation with a slim profile
- Wired remote
- 850-lb. weight capacity
- Six steel legs
- Sync cable included for split sizes
