

PRODIGY™

2.0

Prodigy™ 2.0 is a foundation style base from Leggett & Platt. This zero clearance, solid-surface foundation features head and foot articulation along with the added comfort of pillow tilt. Prodigy 2.0 also includes Wallhugger® technology, which lifts the user up while simultaneously gliding them back, and an under-bed light for additional safety in the dark.

- Pillow, head, and foot articulation
- 3.5"-profile foundation
- Zero clearance foundation compatible with most platform beds
- Capacitive-touch remote with safety lock feature
- App download for Apple and Android devices
- Full-body dual massage with wave
- One-touch flat and snore buttons
- Two programmable positions
- Under-bed light
- Height-adjustable legs
- 850-lb. lift capacity
- MicroHook™ retention system
- USB hub
- Emergency power-down feature
- Sync cable included with split sizes
